

II

Experimental study on compressive strength of non-fired and non-sintering modified waste ash brick masonry W.Q. Meng, Y.X. Li, H.L. Cui and Y.P. Zhang	84
Steady thermal stresses in ceramic-fgm metal composite Efbfplate with temperature-dependent material properties under convective heat transfer boundary Y. J. Xu, D. h. Tu, L. L. Wang and Z. W. Zhang	89
Pure bending analysis of a natural fiber composite beam X.Y. Tang	96
